BCT	12/21/2025	MSC Meraviglia	MSC	Yes	Yes	47,313	7:28	13:25	5:57	At 8:30 a.m., emissions were observed from the vessel's smokestack while the ship was connected to shore power. The ship's agent was immediately contacted and, after confirming with the vessel, advised that the ship remained on shore power and that the observed emissions were attributable to the boiler in use at the time. The emissions cleared after 30 minutes.	0.573	0.020	0.007	20.032	20.431	4.8
